Medicann Brings Expert-Led Cannabis Care to the Isle of Man with Community Event: “Medicann Cann – Discover, Discuss, Thrive”

Dr Sunny Nayee, Medical Director at Medicann is committed to making medical cannabis accessible and easy to understand, at the up & coming event

Douglas, Isle of Man – Following its successful expansion into the UK, multi-award-winning medicinal cannabis clinic Medicann is proud to announce its first-ever community patient event on the Isle of Man:

Medicann Cann – Discover, Discuss, Thrive in Your Manx Wellness Journey, taking place at 6pm on Wednesday 3rd September at The Claremont Hotel, Douglas.

This free event invites members of the public to learn more about the role of medicinal cannabis in treating a wide range of health conditions — from anxiety and chronic pain to fibromyalgia, PTSD and neurological disorders.

Attendees will have the opportunity to take part in **live Q&A sessions** with leading UK experts, including **Dr. Sunny Nayee**, Medical Director at Medicann, and **Dr. Derek Proudlove**, a Consultant Psychiatrist and experienced medicinal cannabis prescriber. The event offers a rare chance to ask questions, explore treatment pathways, and understand how regulated cannabis-based medicines can support quality of life.

“This isn’t a miracle cure — and we’re always clear about that,” said **Gary Whipp, CEO of Medicann**. “But it has changed lives. We’ve seen patients regain mobility, return to work, and finally find relief. Our new event enables Islanders to find out more about this natural medicine, with trained medical experts on hand to discuss potential patient options”

What to Expect at Medicann Can:

- **Live Q&A sessions** with Medicann clinicians
- Guidance on eligibility, treatment safety, and patient pathways

- Information on how to access care through Medicann’s secure virtual platform
- The chance to meet the Medicann team and ask personal questions in a supportive setting

The event reflects Medicann’s wider mission: making **safe, regulated, and expert-led medical cannabis care accessible across the British Isles**. Since its founding in the Channel Islands, Medicann has treated thousands of patients and now operates a **fully digital clinic and e-pharmacy** serving England, Wales, Scotland, and Northern Ireland.

Medicann offers:

- Over **50 conditions eligible for treatment**
- **Next-day prescription delivery** following consultation
- An on island-clinic with local Doctors
- Ongoing support and patient transparency

“At Medicann, we meet patients with compassion, convenience, and clinical integrity,” said **Dr. Nayee**. “We’re proud to support patients every step of the way, and *Medicann Cann* is an ideal opportunity for Islanders to find out more.”
